### **NEW APPROACH TO THE SUCCESS**

The third issue of the high-end jewellery event "Jewels of the World" took place in Baku from May 5 – 8, 2016 at the glamorous Four Seasons Hotel, a long-term partner and the main supporter of the show.

Jewels of the World proudly presented for the first time in Azerbaijan the selected jewellery collections of Fabergé (London), Greubel Forsey (Geneva), Lydia Courteille (Paris), Yvel (Miami-Tel Aviv), as well as the exclusive accessories of Vault Privé (London-Baku) exhibiting them through a new set-up inside the luxurious Beaux-Arts style hotel Suites.

The new concept of dedicated Private Viewing created unique sophisticated setting and provided a new dimension of exclusivity and intimacy for the jewellery lovers. During the three days of the show a selected circle of VIP guests honoured the event and enjoined the rare opportunities to not only view the precious jewellery pieces but to establish direct face-to-face interaction with the brands presented.

"Jewels of the World always exploit a two prong approaches: introduction into the history, creativity and trends of the jewellery world, and at the same time a facilitation of unique buying opportunities to a most exclusive clientele in selected places of the world", says the Founder and the Organiser of Jewels of the World.

Located at the crossroads between Asia, Europe and the Middle-East, Azerbaijan has always been a key intersection on the ancient Silk Route, Baku's historic city centre is a testament to centuries of commercial and cultural activity.

Jewels of the World Team will further explore this new concept providing an opportunity for the jewellery brands to enter a new market and to forge new relationship in the best possible condition.
